Ulrichshöglerstr. 23, D 83404 Ainring, Germany  
dr-susannemaschek@web.de  
Phone: +49 89 668937  
Mobile: +49 177 4458099  
Nationality: German  
Profession: PhD, Veterinary  
Marital Status: Unmarried, 2 children (1998, 2001)  
Degree: Dr. med. vet.

Susanne Maschek was born in Munich, Germany, August 1966. She studied Veterinary Medicine at the LMU Munich, Germany and graduated in 1995.

From 1995 to 1997 Susanne Maschek worked with the group of Prof. Fritz Grimm at the Institute of Avian Medicine of the LMU, Oberschleißheim, Germany for her PhD doctoral thesis titled "Studies of Heavy Metal Toxication in Predatory Birds, and Multi-Element Analyses Using Neutron Activation Analysis in Feathers". She performed the neutron activation analysis at the Research Reactor Center of the Department of Physics, TUM, Garching under the guidance of Prof. Schreckenbach, where she had a part time appointment. Susanne Maschek also worked as substitute in several veterinary surgeries during this period.

From 1999 on she was employed in a veterinary surgery, Oberaichbach, Germany, with focus on tall animals (cattle, horses) and birds until her parental leave (2001 to 2003).

Since January 2004 Susanne Maschek is working as freelancer at Chondrometrics GmbH. She performs segmentation of articular cartilage, is responsible for supervision and quality control of quantitative readings, as well as for the training and education of technicians. Since 2010 she is co-owner of Chondrometrics GmbH.

Susanne Maschek also performs segmentation and quality control readings as a freelancer for the "Institute of Anatomy and Musculoskeletal Research" of the Paracelsus Medical University (PMU) in Salzburg, Austria.
